What are the requirements for obtaining a license?

- 1) All applicants must be at least 18 years of age with a high school degree or equivalent.
- 2) Be a US citizen or a resident alien.
- 3) Be of good moral character with temperate habits (must submit a criminal record report).
- 4) Applicant must establish to the Board's satisfaction two years experience within the past five years in alarm system installation, service or alarm system business management. If the applicant cannot establish this experience, the applicant must provide verification of completion of the Electronic Security Association "Certified Alarm Technician Level 1" course. To apply for the course, you may contact the North Carolina Electronic Security Association at (919) 465-2021 for information.
- 5) Applicant or an employee of the company in which the applicant intends to do business, must hold a North Carolina Electrical Contractors License in one of the following categories: Unlimited, Limited, Intermediate or Special Restricted Fire Alarm/Low Voltage. If the applicant does not hold one of the above licenses or the company does not employ an individual with one of the above licenses, the applicant should contact the North Carolina State Board of Examiners of Electrical Contractors at (919) 733-9042 to apply for one of the above licenses.

Applying for a License If after reviewing the above requirements, you determine that you qualify for a license, review the application checklist for a list of items to submit to the ASLB office.
