

# FAIM (Fire Alarm Installation Methods) REGISTRATION FORM

**April 11-12, 2012**

**8 a.m. – 5 p.m.**

**Bethel Church, 2308 North Williams St., Goldsboro, NC 27530**

**Course Objective:** This course is an intensive introduction to the requirements for designing, installing, maintaining, servicing, and testing Code-compliant fire alarm systems, including Household Systems. Class modules include Fundamentals of FA Systems, Initiating Devices, Smooth and Flat Ceilings, Irregular and Peaked Ceilings, Control Panels, Related Systems, Signaling and Notification, Supervising Station Service, Testing and Acceptance, Household Systems, and Wiring Methods. Students will take several quizzes and a final examination to evaluate their progress. This course will benefit both experienced and inexperienced installation and service personnel. This course has been developed by the National Training School of the ESA and is presented only through approved regional instructors. This course was completely revised in 2010 to incorporate NEC 2011.

**Space is limited on a first come, first serve basis. Registrations will be accepted no later than April 6.** Hotel accommodations or lunch are not included in the registration fee. Advanced payment is required and no on-site registrations will be accepted.
