The NTC Green Book is specifically designed for those seeking NICET Certification in fire alarm systems. This extremely effective reference has been honed into the most valuable reference for advanced NICET certification at level 3 & 4. The Advanced NICET Study and Testing Guide can be effectively used for both study and preparation before the test, and finding answers during the open book NICET exam.

Achieving NICET Certification at level 3 & 4 is a challenging task. The NTC Green Book is the key to overcoming this challenge. This reference provides all of the information required for advanced certification. The book also provides detailed instructions for the Senior Level Major Project (a requirement for level 4).

Studying for the exam is an overwhelming task. NICET recommends more than 40 codes and references for the test. With the NTC Green Book, you will not have to read all of the codes and references. The Advanced NICET Study and Testing Guide streamlines this study process for you. All the critical information for every work element is presented in a straight forward and easy to read format. Using the NTC Red Book as your study guide for the test will quickly get you prepared for certification.

During the test, the NTC Green Book can be used to find answers quickly. The NICET certification test is a timed exam. Finding information in all the codes and references is difficult and time consuming. The NTC Green Book makes finding the answers quick and easy. No other referenced is designed to deliver information from so many different codes in a fast and concise manner. You will be glad the NTC Green Book is available to you during your NICET test.

The NTC Green Book is the most valuable reference for NICET testing. It contains a vast amount of information and is designed to make it quick and easy to find. Those who seek the increased professionalism of NICET Certification, also seek the best tool for the job; The NTC Green Book, Advanced NICET Study and Testing Guide.
