LEGISLATIVE REPORT

MARCH 22, 2007

THIS LEGISLATIVE REPORT IS A MEMBER BENEFIT OF NCBFAA AND USE AND REPRODUCTION OF THIS REPORT IS LIMITED TO NCBFAA AND ITS MEMBERS.

INTRODUCTION

Things really heated up at the General Assembly last week as the Senate members were required to put in all bill requests to the legislative staff by Tuesday. This means that the legislative staff had to have directions to draft a bill or a bill could not be filed this year. As a result of the Senate filing much of its legislation and the House filing increasing numbers of bills, there were over 530 bills filed last week! If that is not a record, it should be. We have tried to provide a brief summary of the bills of interest to your association; however, you may find that some of the descriptions are more brief than usual as we try to review this immense amount of legislation.

The Joint Appropriations Subcommittees continue to meet to review the spending of state agencies and the budget requests that they have been receiving. The Joint Appropriations Committees are scheduled to continue to meet together for several more weeks and then the House will have approximately three weeks to put together their budget proposal based on the schedule approved by both the House and the Senate.

Representative Thomas Wright, who represents parts of New Hanover County, stepped down last week from his leadership roles both as the Chair of the House Health Committee and as Co-chair of the Capital Subcommittee on Appropriations. Representative Wright is currently under investigation by the State Board of Elections for allegations that he failed to properly report contributions he received. Representative Wright has declared his confidence that he will be exonerated during the investigation and announced that he is only stepping aside temporarily from these leadership positions. The State Board of Elections has announced that it has moved its investigation into a criminal matter which allows them to keep the information gathered from the investigation confidential until the investigation is completed. There are expectations that this is just one investigation of many that will branch off of former Speaker Black's problems.

If you would like a copy of any of the legislation introduced or considered by this year's General Assembly, you may receive one copy of as many bills as you are interested in, free of charge, by calling the General Assembly's Printed Bills office at 919/733-5648. They will need to know if it is a House bill or Senate bill and the bill number. (For example, Senate Bill 8). Copies are also available on the General Assembly's World Wide Web site: <http://www.ncleg.net>.

BILLS OF INTEREST

HOUSE BILL 586, Adopt International Building Code, would adopt the International Building Code as the State Building Code with only limited amendments to make it consistent with state law. The bill would also require the Building Code Council to issue a written decision within 30 business days after hearing an appeal. Currently, the law provides that the decision can be issued after a reasonable period of time. **Introduced by Representative Goforth and referred to the House Commerce, Small Business, and Entrepreneurship Committee.**

HOUSE BILL 611, Smoking Ordinances/Counties. This bill is identical to Senate Bill 641, summarized in the March 12th Legislative Report. **Introduced by Representative Alexander and referred to the House Local Government II Committee.**
